HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO REQUIRE STANDARDIZED POLLING HOURS TO SELECT PRESIDENTIAL ELECTORS WHEN A PRESIDENTIAL GENERAL ELECTION IS HELD.

WHEREAS, on November 7, 2000, the national media called the presidential election at 7:20 p.m., Eastern Standard Time, giving Florida and the election to a candidate prior to the polls closing in Florida and 4 hours and 40 minutes prior to the polls closing in California; and

WHEREAS, we cannot let the election process and the foundation of our republic form of government be manipulated and diminished by the lack of standardized polling hours and an irresponsible and reckless national media; and

WHEREAS, it must be the will of the people, the voter, and the electors that determines the outcome of each election, not the state and federal courts; and

WHEREAS, we need not reinvent the wheel, and adoption of these simple changes will not only be effective, but is bipartisan and will restore faith in our election process and our government.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Congress be strongly urged to pursue federal legislation requiring standardized polling hours for selecting presidential electors when a presidential general election is being conducted.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Montana Congressional Delegation, the major broadcast networks, and the publisher of each newspaper in the state.

HOUSE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA STRONGLY URGING THE MONTANA DEPARTMENT OF LABOR AND INDUSTRY TO REVIEW STATE LAWS AND ADMINISTRATIVE RULES REGARDING PAYMENT OF EMPLOYEE TRAVEL TIME AND TO MEET AND JOINTLY WORK WITH REPRESENTATIVES OF THE UNITED STATES DEPARTMENT OF LABOR FOR THE PURPOSE OF CLARIFYING AND SIMPLIFYING STATE AND FEDERAL LAWS REGARDING COMPENSABILITY OF EMPLOYEE TRAVEL TIME.

WHEREAS, Montana's employment-related statutes and federal laws regarding compensability of employee travel time constitute a complex and confusing body of law requiring specialized understanding and application of specific fact patterns and knowledge of numerous court interpretations; and

WHEREAS, the complexity and breadth of the overlapping and often contradictory provisions of federal and state law make it difficult for employers to find readily available information regarding the proper application of the laws; and

WHEREAS, the maze of state and federal laws, regulations, and court interpretations regarding compensability of travel time is confusing and cumbersome, often resulting in overpayment or underpayment of wages, which may result in subjecting employers to litigation for honestly but incorrectly interpreting state or federal law.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Department of Labor and Industry is strongly urged to:

(1) review state laws and administrative rules to simplify and clarify laws related to the compensability of employee travel time;

(2) meet jointly with representatives of the United States Department of Labor and other interested employer and employee representatives to discuss streamlining and reducing the complexity of federal and state laws regarding the compensability of employee travel time; and

(3) report to the Business and Labor Interim Committee on its joint meetings and progress to clarify and simplify the myriad of cumbersome and confusing laws and regulations regarding an employer's responsibility to pay employee travel time.

BE IT FURTHER RESOLVED, that copies of this resolution and a report prepared by the Department of Labor and Industry be sent by the Secretary of State to the Montana Congressional Delegation and to the United States Secretary of Labor.

HOUSE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE LEGISLATIVE COUNCIL DESIGNATE AN APPROPRIATE INTERIM COMMITTEE OR ASSIGN SUFFICIENT STAFF RESOURCES TO STUDY MONTANA'S VOTING SYSTEMS AND PROCEDURES AND TO MAKE RECOMMENDATIONS TO THE 58TH LEGISLATURE.

WHEREAS, the closeness of the November 7, 2000, presidential election illuminates the need to inventory existing voting systems and evaluate how improvements and modernizations can impact state and local voting systems;

WHEREAS, other states and even other nations have already implemented some updates, which have included the use of kiosk voting machines as well as Internet voting systems; and

WHEREAS, current federal legislation, including a bill in the U.S. Senate proposing a $100 million annual matching grant program, is being contemplated as a means of assisting states and localities that want to improve and modernize their voting systems; and

WHEREAS, several agencies, including the Federal Elections Commission, the National Conference of State Legislatures, the General Accounting Office, and the National Association of Secretaries of State, have already begun to examine options for modernizing voting methods in the states; and

WHEREAS, the Montana Legislature should be proactive rather than reactive so that current methods can be carefully assessed, options can be systematically investigated, and local voting systems can be modernized in a manner that makes sense for Montana, is fiscally responsible, and will enhance accuracy, security, and participation in the voting process; and

WHEREAS, the U.S. Supreme Court suggested that irregular voting procedures could violate the guarantee of equal protection as set forth in the U.S. Constitution.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) identify current voting methods and systems used in Montana localities and assess what problems, if any, have been encountered or may be anticipated;

(2) examine the experiences of other states and nations that have updated their voting systems;

(3) conduct an assessment of the following:

(a) the capabilities and costs for installation and operation of the various technologies available to improve voting systems;

(b) the advantages and disadvantages of those systems; and

(c) potential impacts on the state and its localities;

(4) evaluate the findings and recommendations of the various federal and state study commissions on how best to improve and update state voting systems, recount procedures, and methods of identifying voter intent on disputed ballots;

(5) consider options that make sense for Montana's local communities;

(6) develop recommendations and legislation, as appropriate, to address:

(a) identified issues in a manner that will enhance the accuracy, security, and accessibility of voting systems in Montana; and

(b) problems associated with recounts and resolution of voter intent with respect to disputed ballots.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 58th Legislature.

HOUSE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO BRING EQUITABLE FUNDING OF HEALTH CARE SERVICES AND BENEFITS TO ALL MEDICARE RECIPIENTS, REGARDLESS OF WHERE THEY LIVE.

WHEREAS, Medicare, the nation's largest health insurance program serving approximately 39 million elderly and disabled Americans, was enacted in 1965 as a uniform, nondiscriminatory, nationwide program based on a 1.45% payroll tax for the provision of a standardized package of health benefits to beneficiaries, regardless of where they resided; and

WHEREAS, since 1984, Medicare beneficiaries have been able to join health maintenance organizations, and in 1997, Congress created Medicare+Choice that consisted of private risk-based plans, mostly managed care organizations, and these different programs use a different reimbursement formula than the other two Medicare plans that varies substantially depending on the county and the state in which a beneficiary resides; and

WHEREAS, the Medicare+Choice managed care reimbursement formula is based on historical costs within each county, and plans are operated by different private entities, resulting in a reimbursement rate in 1999 of $676.64 in Broward County, Florida, and a rate of only $360 in Stillwater County, Montana; a senior citizen participating in a Medicare-managed care health plan in Broward County pays no annual premium, no copayment for visiting a doctor, and nothing for prescription drug coverage; by contrast, a Montana senior citizen enrolled in a Medicare-managed care plan pays an annual premium of $480, incurs a $10 copayment for each doctor visit, and incurs out-of-pocket costs for prescription drugs, and in many areas, and a Medicare-managed care program is not even available;

WHEREAS, St. Vincent Hospital in Billings chose to discontinue participation in its GoldChoice Medicare+Choice health maintenance organization medical plan because the federal government failed to provide annual increases in payments and because of Montana's rural nature and the Medicare reimbursement system, which resulted in inadequate funding and the hospital losing at least $2.5 million; and

WHEREAS, a similar situation exists in the State of Minnesota in which its citizens are not receiving equal funding, and Minnesota Attorney General Mike Hatch and the Minnesota Senior Federation have filed suit against the United States of America and Donna E. Shalala, Secretary of Health and Human Services, in order to bring about change in the present funding system to ensure equitable funding to all Medicare recipients. A federal judge has ruled that this situation is wrong and unfair but that it is Congress's role to change it, not the courts.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress be requested to bring equitable funding of health care services and benefits to all Medicare recipients, regardless of where they live, to allow citizens in rural states the same health benefits.

HOUSE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE NATIONAL PARK SERVICE TO WITHDRAW ITS DECISION TO IMPLEMENT A WINTER USE PLAN THAT WOULD ELIMINATE SNOWMOBILE USE IN YELLOWSTONE NATIONAL PARK AND TO SUBSTITUTE A PLAN THAT ENSURES THE OPPORTUNITY FOR FUTURE SELF-DIRECTED SNOWMOBILE ACCESS TO YELLOWSTONE NATIONAL PARK; AND URGING CONGRESS TO PROVIDE ADEQUATE FUNDING TO THE NATIONAL PARK SERVICE TO PROVIDE ADEQUATE PERSONNEL TO ENSURE HEALTH AND SAFETY.

WHEREAS, the National Park Service and the U.S. Department of the Interior have announced a new winter use plan to implement severe restrictions on snowmobile use in Yellowstone National Park, culminating in a ban on snowmobiles in the park for other than administrative purposes beginning with the 2003-2004 winter season, citing negative impacts on the park environment as a result of emissions and noise, despite recent scientific studies showing that the data used in making the decision was antiquated and in some cases flawed; and

WHEREAS, the Montana Legislature is concerned about the management of internationally known resource values found in Montana while maintaining the economic well-being of communities surrounding Yellowstone National Park that are heavily dependent on recreation to provide revenue for both public and private economic activity; and

WHEREAS, over 75,000 people annually visit Yellowstone National Park on snowmobiles to see and enjoy the scenery, wildlife, and spectacles of nature in a winter setting, including many people who consider the snowmobile to be not only a form of transportation, but also a desirable part of the winter experience; and

WHEREAS, a large percentage of more than $44 million in annual expenditures by nonresident snowmobile users in Montana is related to the West Yellowstone, Montana, area, providing approximately 600 jobs while allowing sustainable use and enjoyment of the Park's resources; and

WHEREAS, West Yellowstone, Montana, and other gateway communities may experience a significant decline in winter visitors, which could result in a significant adverse impact on the economy of the three counties of Montana surrounding Yellowstone National Park; and

WHEREAS, the new winter use plan fails to adequately consider alternatives to snowmobile regulation short of absolute prohibition, despite recent and ongoing advancements in snowmobile technology, such as the four-stroke

"Yellowstone Special" snowmobile now in use, that reduce noise and emission levels; and

WHEREAS, the new winter use plan is contrary to the intent of the state of Montana and the wishes of most of the snowmobiling public and many members of the general public, denying certain members of the public their preferred access to publicly funded and managed lands for valid educational and pleasuring purposes; and

WHEREAS, the overall economy of the state is of significant concern to the Montana Legislature; and

WHEREAS, the states of Montana, Idaho, and Wyoming and many affected counties were originally considered cooperators in the process leading to adoption of the new winter use plan, but have been unable to have their input as cooperators and participants in the decisionmaking process considered in a meaningful manner by the National Park Service and other federal officials.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the National Park Service be urged to:

(a) withdraw its decision ultimately banning snowmobile use in Yellowstone National Park and replace its new winter use plan with a plan that:

(i) maintains and enhances historic winter visitor use levels;

(ii) ensures the opportunity for future self-directed access to Yellowstone National Park by snowmobile;

(iii) fully considers the economic impacts on surrounding communities; and

(iv) ensures that the interests of the governments of Montana, Idaho, and Wyoming and their affected counties and cities near Yellowstone National Park are fully considered and accounted for; and

(b) provide adequate personnel to ensure the health and safety of all winter users and the health and safety of park wildlife.

(2) That the President of the United States, Montana's Congressional delegation, and Congress as a whole be urged to bring about legislative or regulatory reform that ensures future self-directed snowmobile access to Yellowstone National Park, subject to appropriate regulations governing equipment, time of use, and visitor numbers that are consistent with the legislation that created the National Park System, and that is necessary to accomplish the management goals of Yellowstone National Park and be urged to provide adequate funding to achieve the purpose of subsection (1)(b).

(3) That the Secretary of State send copies of this resolution to the President of the United States, members of the United States Congress, the U.S. Secretary of the Interior, and the Director of the National Park Service.

HOUSE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE

UNITED STATES DEPARTMENT OF THE INTERIOR TO GRANT FINAL RECOGNITION TO THE LITTLE SHELL TRIBE OF CHIPPEWA INDIANS OF MONTANA.

WHEREAS, the Little Shell Tribe of Chippewa Indians of Montana has been waiting for over 100 years to become a federally recognized Indian tribe; and

WHEREAS, on Friday, May 26, 2000, the Little Shell Tribe received notice that the Department of the Interior had issued a ruling, qualifying the Tribe for federal recognition; and

WHEREAS, federal recognition will bring long-awaited benefits and services to the Little Shell people, including health care, child welfare services, and their own court system; and

WHEREAS, the Little Shell Tribe now waits for word from the Secretary of the Interior that its long-awaited dream of recognition has become a reality.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urge the United States Department of the Interior to recognize the Little Shell Tribe of Chippewa Indians so that tribal members may begin to partake of the services available to all federally recognized Indian tribes.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to:

(1) the members of the Montana Congressional Delegation;

(2) the Secretary of the Department of the Interior;

(3) each tribal government located on the seven Montana reservations; and

(4) the Little Shell Tribal Council.

HOUSE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE ENVIRONMENTAL PROTECTION AGENCY AND THE CONGRESS OF THE UNITED STATES TO INCREASE RESOURCES FOR AND SUPPORT THE EFFORTS OF THE NORTH AMERICAN FREE TRADE AGREEMENT (NAFTA) TECHNICAL WORKING GROUP ON PESTICIDES TO HARMONIZE PESTICIDE REGULATIONS BETWEEN CANADA AND THE UNITED STATES, TO COMMIT MORE RESOURCES FOR AND SUPPORT EFFORTS TOWARD ESTABLISHING TOLERANCES FOR PESTICIDES REGISTERED FOR USE IN CANADA BUT NOT IN THE UNITED STATES, AND TO ACCEPT REGISTRATION DATA CURRENTLY ACCEPTED BY CANADIAN OFFICIALS IN SUPPORT OF CANADIAN PESTICIDE REGISTRATIONS.

WHEREAS, it is the intent of the Legislature that Montana become the trusted provider of the highest-quality food in the world with prosperous family farms, thriving rural communities, and world-class stewardship of resources, and it is further the intent of the Legislature to significantly increase net farm income, improve the quality of rural life, and increase Montana's rural population; and

WHEREAS, the Legislature seeks to achieve the goals by making Montana agricultural products synonymous with high quality, by increasing value-added agricultural processing, by diversifying and increasing the value of agricultural production, by increasing farm and nonfarm cooperation that supports thriving rural communities and enhances our natural resources, and by creating a political, regulatory, economic, trade, financial, and natural resource environment in which Montana producers can compete in the global marketplace; and

WHEREAS, Montana farmers are forced to compete with farmers from other countries, especially Canada, who are able to use pesticide products that are not registered for use in the United States; and

WHEREAS, Canadian pesticides are often available at substantially reduced prices in formulations that are almost identical to those available to Montana producers but are not registered for use in the United States, and as a result, Montana farmers are unable to realize similar savings and are at a competitive disadvantage; and

WHEREAS, the Environmental Protection Agency needs to put more resources into the harmonization of the registration of crop protection chemicals with Canada; and

WHEREAS, use of the Canadian registration data by the Environmental Protection Agency could accelerate its registration process for appropriate crop protection chemicals.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature urges the Environmental Protection Agency and the Congress of the United States to:

(1) increase resources for and support the efforts of the North American Free Trade Agreement (NAFTA) Technical Working Group on Pesticides to harmonize pesticide regulations between Canada and the United States;

(2) commit more resources for and support efforts toward establishing tolerances for pesticides registered for use in Canada but not in the United States; and

(3) accept registration data currently accepted by Canadian officials in support of Canadian pesticide registrations.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the President of the United States, the Administrator of the Environmental Protection Agency, the presiding officers of the Agriculture Committees of the U.S. Senate and U.S. House of Representatives, and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING A STATE ROLE IN MANAGING THE COLUMBIA RIVER BASIN; AND CALLING FOR A PUBLIC FORUM TO DEVELOP A CONSENSUS-BASED APPROACH TO MANAGEMENT.

WHEREAS, the Legislative Council on River Governance has been established to assert the legitimate authority that the state legislatures of Montana, Idaho, Oregon, and Washington have with respect to the governance of the hydroelectric system and appurtenant natural resources of the Columbia River Basin; and

WHEREAS, the legislatures of the four Pacific Northwest states acknowledge that they can achieve common goals and objectives more effectively by working in concert than separately; and

WHEREAS, these legislative bodies recognize the practical necessity that they work cooperatively with Governors and other state Executive Branch agencies to form an effective alliance for the protection and advancement of regional interests; and

WHEREAS, cost-based electricity and preference for Northwest customers are crucial to the economic sustainability of the region, and any attempt to remove these benefits is inimical to the future prospects for economic development and diversification in each of the Pacific Northwest states; and

WHEREAS, the continued dominance of federal agencies in the governance of the Columbia River and its associated infrastructure will impose unnecessarily costly and complicated burdens on the inhabitants of the region; and

WHEREAS, the four Pacific Northwest states have demonstrated in the past and continue to manifest the competence and capacity to exercise joint responsibility for the management of complex relationships in the Columbia River Basin; and

WHEREAS, the residents and consumers of the region continue to pay the costs of the electric power system on the Columbia River, including the debt to the U.S. Treasury, and are therefore entitled to the economic and environmental benefits resulting from best management practices in the basin.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council on River Governance make a concerted effort to preserve cost-based electricity rates and regional preference for the residents and businesses of the Pacific Northwest.

BE IT FURTHER RESOLVED, that a public forum be established to develop a consensus-based approach to the above-stated goals that includes the active participation of state legislatures in the management of natural resources in the Columbia River Basin.

BE IT FURTHER RESOLVED, that the public forum include representation from the Legislative Council on River Governance, the Governors and members of the Northwest Power Planning Council from each of the four states in the region, the respective state delegations in the U.S. Senate and U.S. House of

Representatives, Indian tribes, and other governmental organizations with a stake in the Federal Columbia River Power System.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Montana Congressional Delegation, to tribal governments in Montana, and to the publisher of each newspaper in the state.

WHEREAS, the 21st century promises new challenges, new expectations, and new opportunities for community colleges; and

WHEREAS, Montana's community colleges labor under state laws that often conflict with and are duplicative of the laws for the K-12 school system and are unrelated to postsecondary institutions; and

BE IT FURTHER RESOLVED, that, if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOGNIZING THE 200TH ANNIVERSARY OF THE LEWIS AND CLARK EXPEDITION AND URGING NATIONAL RECOGNITION AND SUPPORT BY CONGRESS AND THE PRESIDENT.

WHEREAS, it was nearly 200 years ago that Thomas Jefferson envisioned a greater potential for the fledgling United States of America, and in pursuit of that vision negotiated the Louisiana Purchase; and

WHEREAS, in 1803, President Jefferson commissioned Captain Meriwether Lewis and William Clark to explore the Union's new holdings, including a search for a Northwest Passage to the Pacific Ocean; and

WHEREAS, in the spring of 1804, the undaunted Lewis and Clark and their 30-odd-member Corps of Discovery set out from the confluence of the Missouri and Mississippi Rivers on their intimidating quest; and

WHEREAS, over the next 1 1/2 years, the Lewis and Clark-led Corps, which included Sacajawea, explored the entire reach of the Missouri River, crossed the Continental Divide, met with many Indian nations that provided the Corps with guidance and support, and, as a result, found their way to the Pacific Ocean via the Columbia River and its tributaries: and

WHEREAS, after wintering near the mouth of the Columbia River, the band of explorers retraced their steps inland, again crossing the Continental Divide, and navigated the Missouri River and its tributaries to the expedition's place of beginning near St. Louis, Missouri; and

WHEREAS, the bicentennial anniversary of the Lewis and Clark Expedition will soon arrive, and with it thousands or even millions, of historians, reenacters, vacationers, sightseers, and modern-day explorers of various types who will follow the paths taken and visit the sites explored by the Corps of Discovery; and

WHEREAS, the 200th anniversary of the Lewis and Clark Expedition is as much a national celebration as it is a celebration within the states whose reaches the Corps of Discovery surveyed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING THE MULTIPLE USE OF NATIONAL FORESTS AND PUBLIC LANDS AND URGING CONGRESS AND THE PRESIDENT TO OVERTURN THE FEDERAL ROADLESS INITIATIVE.

WHEREAS, the wise multiple use of national forests and public lands is necessary for the economic stability and growth of communities in Montana and in other western states; and

WHEREAS, under the federal Roadless Area Conservation Rule adopted by the United States Department of Agriculture, the use of millions of acres of inventoried "roadless" areas will be severely limited; and

WHEREAS, under the National Forest System Road Management Rule and the National Forest System Land Resource Management Planning Rule, the use of national forest lands will be severely limited; and

WHEREAS, these rules effectively make lands unavailable for wise multiple use: and

WHEREAS, according to the United States Forest Service, tens of millions of acres of the national forest system, including land in Montana and other western states, are currently at high risk of catastrophic wildfire or are diseased and insect-infested; and

WHEREAS, these rules limit the ability of the United States Forest Service to address these problems; and

WHEREAS, while wilderness designation is the responsibility of the United States Congress, these rules and executive actions pursuant to these rules will make lands essentially de facto wilderness; and

WHEREAS, these rules significantly restrict the use of national forest lands for the purposes for which the national forests were created; and

WHEREAS, these rules severely limit national forest planning; and

WHEREAS, access to the affected national forests and public lands in Montana and other western states for recreation, timber harvesting, mining, and other activities will be seriously curtailed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature supports the multiple use, including responsible economic uses, of national forests and public lands.

BE IT FURTHER RESOLVED, that the Montana Legislature urges Congress and the President to overturn the federal "roadless initiative", especially with respect to the public lands of Montana.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to President George W. Bush, the Montana Congressional Delegation, the Idaho Congressional Delegation, the Washington Congressional Delegation, the Oregon Congressional Delegation, the California Congressional Delegation, and the Wyoming Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A COLLABORATIVE PROCESS STUDY TO ADDRESS ISSUES REGARDING THE NEED TO BALANCE THE NECESSARY MANAGEMENT OF FOREST FUELS WITH THE AIR QUALITY CONCERNS RESULTING FROM PRESCRIBED WILDLAND OPEN BURNING AND TO PROVIDE SOLUTIONS TO THE 58TH LEGISLATURE.

WHEREAS, the constitutional right to a clean and healthful environment includes being free from unreasonable degradation having a significant impact on the environment, and this right is anticipatory and interpreted in conjunction with Article II, section 3, of the Montana Constitution, Article IX, section 1, of the Montana Constitution, and the preamble of the Montana Constitution; and

WHEREAS, the year 2000 drought and fire season resulted in catastrophic wildfires that consumed over 1 million acres of private, state, tribal, and federal lands and resulted in significant impacts on air quality and other aspects of the physical and human environment; and

WHEREAS, given the requisite climatic circumstances, all forests and wildlands will eventually burn, and the severity of those burns and the impacts on the physical and human environment are directly dependent on the amount of fuel buildup within those forest and wildland environments; and

WHEREAS, the reduction of fuel loading in forests and wildlands, particularly those within urban-rural interface areas, on a planned and incremental basis can reduce the potential for catastrophic wildfires and the unavoidable significant impacts to air quality that result; and

WHEREAS, prescribed wildland open burning is a necessary and valuable tool for managing the buildup of forest fuels; and

WHEREAS, government restrictions on the use of open burning to manage air quality may inadvertently contribute to the buildup of forest and wildland fuels, which may result in catastrophic wildfire events and the uncontrolled significant degradation to air quality and other serious impacts on the physical and human environment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to conduct a study that addresses the issues regarding the need to reduce forest and wildland fuel loading through a more flexible open burning policy when fire danger is at an acceptable level.

(2) That the study be conducted through a collaborative process that includes participants from the forest industry, the Legislature, and other appropriate state and federal agencies.

(3) That the study include but not be limited to an analysis of the following issues:

(a) evaluating when the limited degradation of air quality from prescribed wildland open burning may be preferred and permitted in order to minimize the buildup of forest and wildland fuels and the potential for catastrophic fires and the resulting significant environmental impacts;

(b) analyzing when the limited degradation of air quality may be authorized if there are no economically, environmentally, or technologically feasible alternatives available that would result in no degradation;

(c) evaluating when important long-term social or economic benefits of forest fuel reduction and management projects exceed the short-term limited degradation of air quality;

(d) determining whether there are discriminatory practices in the authorization of prescribed wildland open burning between private, state, and federal landowners; and

(e) determining whether prescribed open burning exemptions can be made for certain agricultural and private property fuel management burns.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, recommendations of the appropriate committee, legislative proposals, and recommendations for administrative rules, be reported to the 58th Legislature.

HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE REDUCTION OF AN OVERABUNDANCE OF FOREST FUELS.

WHEREAS, the United States Forest Service was first organized to protect the national forests from fire and to provide a sustainable supply of timber, water, goods, and services for the people of the United States; and

WHEREAS, citizens of Montana and communities throughout the western United States still depend on the prudent stewardship, the sustained utilization of resources, and the steady production of goods and services from the multiple use management of public lands in those western states; and

WHEREAS, the April 1999 U.S. General Accounting Office report, "Western National Forests, a Cohesive Strategy is Needed to Address Catastrophic Wildfire Threats" states, "the most extensive and serious problem related to the health of national forests in the interior West is the overaccumulation of vegetation, which has caused an increasing number of large, intense, uncontrollable, and catastrophically destructive wildfires"; and

WHEREAS, the April 2000 U.S. Forest Service report, "Protecting People and Sustaining Resources in Fire-Adapted Ecosystems: A Cohesive Strategy" in response to the General Accounting Office report, confirmed the conclusion stated above and further warns "Without increased restoration treatments in these ecosystems wildland fire suppression costs, natural resource losses, private property losses, and environmental damage are certain to escalate as fuels continue to accumulate and more acres become high-risk.", and the report also specifies that, at a low intensity, fire is ecologically beneficial and has positive effects on biodiversity, soil productivity, and water quality; and

WHEREAS, the U.S. Forest Service further acknowledges that 39 million acres of national forest are at significant risk of catastrophic wildfire and an additional 26 million acres will be at similar risk due to increases in the mortality of trees and brush caused by insects and disease; and

WHEREAS, catastrophic wildfires, such as those in California in 1993, Florida in 1998, and Montana and Idaho in 2000, are recognized as among the defining natural disasters of the past decade; and

WHEREAS, the conflagrations that engulfed hundreds of thousands of acres in Montana during 2000 caused millions of dollars of damage to the property of residents; and

WHEREAS, catastrophic wildfires not only cause damage to the forests and other lands, but place the lives of firefighters at risk and pose threats to human health, personal property, sustainable ecosystems, air quality, and water quality; and

WHEREAS, the escaped Cerro Grande Prescribed Fire in May, 2000, which consumed 48,000 acres and destroyed 400 homes with losses exceeding $1 billion in Los Alamos, New Mexico, and the escaped Lowden Prescribed Fire in 1999 that destroyed 23 homes in Lewiston, California, highlight the unacceptable risks of using prescribed burning if prescribed burning, as reported, was the sole forest management practice of the subject federal land management agencies; and

WHEREAS, high-risk forest fuel has accumulated in combination with reduced fire response capability by federal agencies during the 1990s, resulting in catastrophic wildfires becoming more difficult and expensive to extinguish with a disproportionate burden being placed on state and local resources, the costs to fight these fires has increased by 150% between 1986 and 1994, and the costs of maintaining a readiness force has increased by 70% between 1992 and 1997; and

WHEREAS, current planning efforts of the U.S. Forest Service, such as the Sierra Nevada Framework, the Interior Columbia Basin Ecosystem Management Project, the Roadless Initiative, and the federal monument proclamations rely primarily on the extensive use of prescribed fire, which will further exacerbate the risk of catastrophic wildfires on federal lands throughout the West.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That in the interest of protecting the integrity and posterity of Montana's forests, wild lands, wildlife habitat, watersheds, air quality, human health and safety, and private property, the U.S. Forest Service and other federal land management agencies are urged to immediately implement a cohesive strategy to reduce the overabundance of forest fuels that place these resources at high risk of catastrophic wildfire.

(2) That the agencies are urged to utilize an appropriate mix of fire suppression activities and forest management methodologies, including selective thinning, selective harvesting, grazing, the removal of excessive ground fuels, small-scale prescribed burns, and the increased use of private, local, and state contracts for prefire treatments on federal forest lands.

(3) That the Legislature urges that more effective fire suppression in federal forest lands be pursued through increased funding of mutual aid agreements with state and local public firefighting agencies.

(4) That in the interest of forest protection and rural community safety, the federal Department of Agriculture and the Department of Interior are urged to immediately draft, for public review and adoption, a national prescribed fire strategy for public lands that creates a process for the evaluation of worst case scenarios that present a risk of escaped prescribed fires and identifies alternatives that will achieve the land management objectives while minimizing the risk and use of prescribed fire, and that this strategy be incorporated into any

regulatory land use planning program that proposes the use of prescribed fire as a management practice.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to President George W. Bush, Vice President Richard Cheney, Department of Interior Secretary Gale Norton, Department of Agriculture Secretary Ann Veneman, the Governors of Montana, Idaho, Washington, Oregon, California, Nevada, Utah, Wyoming, South Dakota, Colorado, Arizona, and New Mexico, Montana's Congressional Delegation, the Chief of the U.S. Forest Service, the Director of the U.S. Park Service, and the Director of the Bureau of Land Management.

HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A STUDY OF ANNEXATION TO DEVELOP A GUIDING POLICY ON ANNEXATION AND TO GENERATE RECOMMENDATIONS BASED ON THE STUDY'S FINDINGS.

WHEREAS, certain areas of Montana continue to experience significant growth, forcing communities to struggle with a growing population's effect on city services, the city infrastructure, and open space, as well as the tax implications that accompany growth outside city limits; and

WHEREAS, Montana law provides for five different methods for a municipality to annex property; and

WHEREAS, a review of the five different methods reveals no consistent guiding policy governing annexation; and

WHEREAS, annexation continues to be a controversial issue, as evidenced by the number of bills dealing with the subject that have been requested in the last several sessions; and

WHEREAS, new proposals for types of annexation, such as phased-in services and phased-in taxes, have recently been proposed; and

WHEREAS, a thorough review and analysis of annexation and the procedures used should be conducted in order to develop a guiding policy and consistent methods that will be effective for the varying types of communities scattered throughout Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review the existing types of annexation found in Title 7, chapter 2, MCA;

(2) determine how often the different methods for annexation are used and whether some of the methods are used at all;

(3) identify emerging trends in annexation methods, growth patterns around the state, and how the two may relate;

(4) study how other western states that are experiencing growth are addressing annexation and whether those strategies may be applied to communities in Montana;

(5) gather any other information and conduct any other activity relevant to annexation that may be useful in developing a statewide guiding policy on annexation: and

(6) propose changes to existing law, if appropriate, that reflect the study's findings.

BE IT FURTHER RESOLVED, that, if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 58th Legislature.

HOUSE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE DEVELOPMENT OF A TIMBER SALVAGE AND FOREST RESTORATION PROGRAM.

WHEREAS, the year 2000 drought and fire season resulted in catastrophic wildfires that consumed nearly 1 million acres of private, state, tribal, and federal lands within the state of Montana; and

WHEREAS, approximately 600,000 acres of the burned land consists of federal land; and

WHEREAS, much of this burned-over federal land is forest land already accessible by forest roads; and

WHEREAS, the merchantable value of burned timber decreases rapidly as decomposition from insects and fungal disease develops over the following 12 to 24 months; and

WHEREAS, the standing burned trees pose a significant threat to public safety in many areas; and

WHEREAS, the Department of Natural Resources and Conservation has moved rapidly to harvest an estimated 21 million board feet of timber from 4,000 acres of burned land in the Sula State Forest, thus employing hundreds of Montanans and salvaging some of the remaining timber value of the forest; and

WHEREAS, federal land management agencies should not miss an opportunity through benign neglect to produce some positive benefits from last summer's fire disaster.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the federal agencies responsible for forest management in Montana be strongly urged to develop and initiate an aggressive timber salvage and forest restoration program that would:

(a) expedite the removal of as much merchantable timber as possible while it still has some marketable value:

(b) protect the remaining resources and ecological systems in the forest lands; and

(c) begin the restoration and reforestation process as rapidly as possible.

(2) That the federal forest management agencies in Montana, with the support and cooperation of all Montanans, actively solicit the financial, legal, and administrative support of Congress and the President in this emergency effort to salvage timber and restore the forest lands affected by last summer's fires.

(3) That copies of this resolution be sent by the Secretary of State to the Governor, the Montana Congressional Delegation, the Secretary of Agriculture, the Secretary of the Department of Interior, the Chief of the United States Forest Service, the Director of the Bureau of Land Management, and the President of the United States.

WHEREAS, the need for an economical supply of clean burning energy is a national and state priority, Montana possesses reserves of clean-burning coal-bed natural gas, and the timely development of those resources is important; and

WHEREAS, it is the policy of this state to promote efforts that will minimize damage to the human environment, prevent unreasonable depletion and degradation of natural resources, maintain and improve a clean and healthful environment, and protect the right to use and enjoy private property; and

WHEREAS, with the enactment of the Montana Environmental Policy Act (MEPA), the Legislature intends that state agencies consider the consequences of agency actions prior to acting and to consider those consequences in a thorough, yet efficient, manner; and

WHEREAS, the state has determined that prior to authorizing further development of Montana coal-bed natural gas, a comprehensive environmental impact statement (EIS) addressing the impacts of the development must be completed by the Department of Environmental Quality and the Board of Oil and Gas Conservation in cooperation with other state and federal agencies; and

WHEREAS, the Environmental Quality Council has longstanding and statutorily required involvement in MEPA issues and has demonstrated strong bipartisan expertise in analyzing and reviewing MEPA implementation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(2) That staff from the Department of Environmental Quality and the Board of Oil and Gas Conservation be requested to provide status reports on the progress and preparation of the coal-bed natural gas development EIS to the EQC on at least a quarterly basis until the EIS is complete.

(3) That the EQC serve as a forum for members of the public to present any concerns regarding the timing and cost-effectiveness of the coal-bed natural gas development EIS.

BE IT FURTHER RESOLVED, that all aspects of the oversight functions, including presentation, conclusions and reporting, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the EQC prepare a brief report of its findings and conclusions concerning the coal-bed natural gas MEPA process and present the report, including any findings, conclusions, comments, or recommendations of the EQC, to the Governor and to the 58th Legislature.

HOUSE JOINT RESOLUTION NO. 29

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE DEPARTMENT OF ENVIRONMENTAL QUALITY ESTABLISH A TASK FORCE TO DEVELOP AN ASSAY METHOD FOR THE MEASUREMENT OF ASBESTOS TO ASSIST IN THE ESTABLISHMENT OF AN AMBIENT AIR STANDARD BASED ON HUMAN HEALTH RISKS FROM CHRONIC EXPOSURE TO ASBESTOS.

WHEREAS, the residents of Libby, Montana, have been afflicted with health concerns and human mortality resulting from occupational and secondary exposure to tremolite asbestos fibers discharged into the environment by the mining of vermiculite at the nearby W.R. Grace mine facilities; and

WHEREAS, considerable research is currently underway in Libby by several state and federal agencies to analyze the threat to human health and the environment from asbestos; and

WHEREAS, there is currently no federal or state ambient air standard established for identifying a safe level for the chronic exposure of humans to airborne asbestos fibers; and

WHEREAS, the federal Environmental Protection Agency is in the process of developing a particulate sampling method and protocol for measuring fine airborne particles that may also be useful in developing an assay method for airborne asbestos fibers and ultimately useful in establishing an ambient air quality standard or guidance threshold based on human health risk and exposure; and

WHEREAS, the Montana University System can provide the intellectual and technical capability to assist in the development of an asbestos assay method that would significantly contribute to the further scientific understanding of the risks of asbestos exposure and assist in the development of an ambient air standard for asbestos.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Department of Environmental Quality be urged to establish and oversee a task force of health and environmental officials and scientists from the State of Montana, federal health and environmental agencies, and the Montana University System and of other interested persons, with the goal of developing a credible scientific method to measure airborne asbestos that would assist in the development of an ambient air standard for asbestos based on the human health risks from chronic exposure.

(2) That the Department, with the active participation of the task force, be urged to aggressively pursue and solicit funding to support this effort, to act as a clearinghouse for current and future research on the subject, and to distribute any grants and funds received by the Department.

(3) That the University System be urged to participate in and provide the scientific research that would achieve the goals of this resolution.

(4) That the members of Montana's Congressional Delegation be urged to assist the Department in providing federal resources, funds, and guidance to the task force, recognizing that the knowledge gained from the Libby experience can be of significant value to the entire nation.

(5) That, for the next 2 years, the Department provide the Environmental Quality Council with an annual progress report on efforts made toward achieving the goal of developing an asbestos assay method that could assist in the development of ambient air standards for asbestos.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the Montana Congressional Delegation, the Commissioner of Higher Education, the Presidents of Montana State University-Bozeman and the University of Montana-Missoula, the Mayor of Libby, the Director of the Montana Office of the Environmental Protection Agency, and the Director of the Department of Environmental Quality.

WHEREAS, the development of Montana's economy is a critical matter that every Legislature faces; and

WHEREAS, highway construction and highway funding contribute significantly to Montana's economy; and

WHEREAS, the planning and development of Montana's highway and urban transportation systems can enhance the state's ability to develop, retain, and attract business; and

WHEREAS, the Department of Transportation is preparing to update its Transportation Plan; and

HOUSE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENCOURAGING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO WORK WITH OTHER AGENCIES IN EXAMINING THE PROBLEM OF TEEN USE OF ALCOHOL AND DRUGS BOTH IN GENERAL AND WHILE THE TEENAGER IS DRIVING OR RIDING IN A MOTOR VEHICLE; AND ENCOURAGING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO REPORT ANY FINDINGS OR RECOMMENDATIONS TO THE CHILDREN, FAMILIES, HEALTH, AND HUMAN SERVICES INTERIM COMMITTEE.

WHEREAS, teenagers, with their ready access to motor vehicles, have become increasingly mobile; and

WHEREAS, in 1998, 1,695 15- to 19-year-old teens were killed in alcohol-related traffic accidents nationwide; and

WHEREAS, in May 2000, a project called Aluminum Anonymous surveyed 700 miles of Montana roadsides for alcohol beverage containers, beginning at Gardiner and traveling through Bozeman, Helena, Lincoln, Great Falls, Harlowton, and Billings, finishing at the Wyoming state line; and

WHEREAS, the surveyors estimated that an average of 800 beer cans and beer bottles a mile are thrown on the highway annually; and

WHEREAS, Aluminum Anonymous interviewed professionals working with teenagers and adults in alcohol- and drug-related matters who collectively estimated that approximately 50% of the discarded containers came from teenagers; and

WHEREAS, in spite of a January 2001 national survey of teenagers by the National Institute on Alcohol Abuse and Alcoholism that included questions on drinking and drug use while driving and riding, too little is known about teenage alcohol and drug behavior after the car door closes; and

WHEREAS, a January 2001 report by the National Center on Addiction and Substance Abuse entitled "Shoveling Up: Impact of Substance Abuse on State Budgets" states that most of the money that Montana dedicates to substance abuse problems is spent on cleaning up the wreckage caused by addiction and substance abuse, rather than on prevention and treatment; and

WHEREAS, the same study reports that in 1998, 15.4% or nearly $256,000 of Montana's budget affecting justice and corrections, education, health, child and family assistance, mental health, public safety, and the state workforce was spent on substance abuse; and

WHEREAS, not only does in-vehicle alcohol use impact the health of the state's teenagers, it also impacts the environment, contributing to the problem of roadside litter; and

WHEREAS, the incidence of teenagers operating motor vehicles while using alcohol or drugs is evidence of the serious problem of teenage alcohol and drug use in general; and

WHEREAS, any investigation of in-vehicle teenage alcohol or drug use must also take into account the wider-ranging issue of substance abuse among teenagers, its causes and ramifications, and its cost to the state.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature encourage the Department of Public Health and Human Services to work with the Department of Transportation and the Department of Justice in examining the problem of teenage drinking and drug use both in general and while operating a motor vehicle by:

(1) assembling the information that is known about this behavior, its causes, and its prevalence; and

(2) identifying gaps in knowledge, state law, policy, agency programs, and agency interaction.

BE IT FURTHER RESOLVED that the Department of Public Health and Human Services report to the Children, Families, Health, and Human Services Interim Committee, if appropriate, with any findings, recommendations, suggested legislation, or plans for incorporating prevention of the problems articulated in this resolution into the scope of the state's overall prevention strategies.

HOUSE JOINT RESOLUTION NO. 32

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A PERFORMANCE AUDIT OF THE CHILD PROTECTIVE SERVICES SYSTEM BY THE LEGISLATIVE AUDIT DIVISION.

WHEREAS, it is the policy of the State of Montana, as stated in section 41-3-101, MCA, to protect family unity, to provide for the protection of children who may be adversely affected by those responsible for their care and protection, and to ensure that whenever removal from a home is necessary, the child is entitled to maintain ethnic, cultural, and religious heritage, whenever appropriate; and

WHEREAS, Congress enacted the Indian Child Welfare Act of 1978 (ICWA) to prevent the breakup of Indian families and to give Indian tribes a role in matters concerning custody of Indian children, and the ICWA must be recognized in child custody proceedings, such as foster care placement, termination of parental rights, and adoptive or preadoptive placements, that involve Indian children; and

WHEREAS, although section 41-3-109, MCA, states that proceedings that involve an Indian child are subject to the ICWA, there are numerous exceptions in the ICWA that allow exclusive or concurrent jurisdiction of either the state or the Indian tribe, dependent on domicile, custody, parental petition, and "good cause", which may lead to uneven interpretation and application of the law and occurrences in which the Indian tribes are denied jurisdiction; and

WHEREAS, the federal Adoption and Safe Families Act of 1997 was also enacted to provide for child safety and for an accelerated resolution of issues to facilitate fewer temporary placements and to lead, ideally, to permanent placements for children in need of foster care and protective services; and

WHEREAS, the application of the power of the state to intervene in families is a difficult judgment call that the Department of Public Health and Human Services is required to make in order to protect children and families; and

WHEREAS, the social workers who make those judgment calls do so within the context of a local community with law enforcement, the County Attorney's office, and the court, but those decisions must be reviewed to ensure that the law is being applied equally statewide; and

WHEREAS, significant concerns have been raised regarding the operation and inadequate funding of the child protective services system, and in response, the Legislature considers that it is appropriate to call for a performance audit by the Legislative Audit Division.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Audit Committee prioritize a performance audit of child protective services in the Department of Public Health and Human Services, including but not limited to:

(1) the provision of child protective services across the state in regard to family-based services, intervention and treatment, investigations of abuse and neglect reports, out-of-home placements, especially with a noncustodial parent or kin, and the extent to which those practices are uniform statewide;

(2) policies and procedures regarding the application of the Indian Child Welfare Act of 1978 across the state and especially in the urban jurisdictions, many of which are near Indian reservations and all of which may involve Indian children. The audit may include a review of the Guidelines for State Courts for Indian child custody proceedings of the Bureau of Indian Affairs that the Montana Supreme Court has held are applicable and should be considered in ICWA cases.

(3) the extent to which the Department's policies and procedures, such as family group conferencing and foster care home recruiting, reflect cultural needs and are conducted in a manner that considers cultural practices and language;

(4) the extent to which the training of social workers, County Attorneys, and courts is relevant regarding the state and federal provisions pertaining to child protective services; and

(5) the provision of recommendations regarding management, personnel, and training needs of the Department for child protective services.

WHEREAS, sugar beets rank fourth in overall cash receipts among crops grown in Montana, generating cash receipts of $54,169,000 in 1999, making up 3.2% of the total receipts from all Montana commodities that year; and

WHEREAS, irrigated acreage and the consistent production of sugar beets add value to Montana agriculture and play a key role in the viability of many rural communities; and

WHEREAS, sugar beets are a high-value field crop that rotates well with other crops that are produced competitively and the byproducts of the sugar beet crop can provide feed for cattle and sheep; and

WHEREAS, the two sugar processing facilities in Montana, the Imperial Holly Sugar Corporation in Sidney, Montana, and the Western Sugar Company in Billings, Montana, process nearly 1.5 million tons of sugar beets grown in Montana and have payrolls of almost $10 million and pay $871,000 in property taxes.

WHEREAS, Title 2, chapter 18, part 6, MCA, provides that state employees are entitled to earn vacation and sick leave and may accrue up to two times their annual vacation leave and accrue unlimited sick leave; and

WHEREAS, upon termination state employees are entitled to cash compensation for all unused vacation leave and 25% of unused sick leave; and

WHEREAS, the unfunded liability on June 30, 1999, was approximately $51 million for general government funds and $25 million for higher education funds; and

WHEREAS, the Governmental Accounting Standards Board (GASB) has issued GASB 34, which will affect the financial reporting for the state beginning June 30, 2001, in part by requiring the reporting of the amount of compensated absence liability in governmental funds, which will have a significant impact on fund balance: and

WHEREAS, the federal Office of Management and Budget (OMB) has stated in OMB circular A-87 that the federal government will no longer allow agencies to pay leave termination costs with federal funds if the obligation to pay those costs was not incurred while working on a federal program, which means that the costs will have to be paid with state funds.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Administration conduct an analysis of the issues involved in the funding of past and future accrued vacation and sick leave benefits for state employees.

BE IT FURTHER RESOLVED, that the committee or the staff consider the inclusion of the following components of a tuition prepayment program in the study:

(1) the prepayment would cover at least 2 years of a full course load at the selected institution;

(2) the prepayment would be the amount of tuition in the year that the prepayment is made;

WHEREAS, there is a growing trend in the use of bicycles as a primary mode of transportation; and

WHEREAS, bicycles are increasingly a vehicle of choice for tourists, recreationists, and commuters; and

HOUSE JOINT RESOLUTION NO. 39

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A LEGISLATIVE INTERIM STUDY OF CRIMINAL OFFENSES, OFFENSE SENTENCING AND RELEASE, AND RELATED ISSUES.

WHEREAS, the Law, Justice, and Indian Affairs Interim Committee began a sentencing study in fulfillment of Senate Joint Resolution No. 14 (1999) but was not able to fulfill all of the necessary elements of the study; and

WHEREAS, numerous pieces of legislation have been introduced and are being considered this legislative session that deal with criminal justice and corrections issues that affect the sentencing statutes, such as new criminal offenses, changes in the length of sentences, and changes in criminal procedures.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review current criminal sentencing and criminal procedure statutes in Titles 45 and 46 and statutes in other titles of the Montana Code Annotated that contain criminal sentences and determine the extent to which the sentence ranges and penalties conform to Article II, section 28, of the Montana Constitution, the correctional and sentencing policy in section 46-18-101, MCA, and the crime seriousness ranking;

(2) review and update the sentencing tools and the crime seriousness ranking adopted by the Law, Justice, and Indian Affairs Interim Committee in 2000:

(3) compare the criminal statutes with the crime seriousness ranking to determine how closely the statutes reflect the ranking and recommend changes as necessary;

(4) build on the progress accomplished by the Correctional Standards and Oversight Committee during the 1997-98 interim, which culminated in revisions to Title 46, chapter 18, in Chapter 52, Laws of 1999, based on an analysis that sought to streamline the criminal procedure statutes and to eliminate redundancies and conflicts;

(5) analyze the offenses and the different types of sentences in statute and the legislative action on those statutes over the past 10 years. Statutory issues that require review are: a determination if obsolete or inconsistent sentences or related procedures in the statutes exist, mandatory minimum sentences, truth in sentencing, two and three strikes, sentences for violations of 61-8-401 and 61-8-406, the effects of the elimination of good time credits on inmate population, the use and effect of deferred sentences, the use and effect of sentences for offenses that must be committed multiple times to reach felony status, sentencing enhancements for use of certain weapons or ammunition or for persistent felony offenders, intermediate and alternative sanctions, and the effect on the correctional system of the commitment of certain offenders to the Department of Corrections. An analysis of sentence types may consider information on research in regard to the effects of different types of sentences on criminal justice and correctional resources.

(6) monitor the continued development and integration of databases containing criminal justice or juvenile justice information in the Department of Justice, the Department of Corrections, the Department of Public Health and Human Services, and the Judiciary, including issues of access and use of data and quality of data;

(7) develop recommendations for modification or enactment of sentencing and related statutes that are necessary or advisable to carry out a consistent, effective, humane, and rational correctional and sentencing policy that is within the available resources of the state and that are necessary or advisable to address recidivism and the growth of the populations in secure facilities; and

(8) research and pursue grant opportunities for any of the committee's related activities in order to further the efficient operation of the criminal justice and correctional systems and for the education of the public on issues related to the costs and benefits of the systems.

BE IT FURTHER RESOLVED, that, if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE LEGISLATIVE COUNCIL DESIGNATE AN APPROPRIATE INTERIM COMMITTEE OR ASSIGN SUFFICIENT STAFF RESOURCES TO STUDY THE LAWS GOVERNING SCHOOL BOUNDARY TRANSFERS AND TO MAKE RECOMMENDATIONS TO THE 58TH LEGISLATURE.

WHEREAS, current state law grants County Superintendents of Schools broad discretion to transfer territory from one district to another and to alter school district boundaries; and

WHEREAS, the Montana Supreme Court, in its decision in the case of "In the Petition to Transfer Territory from High School District No. 6, Lame Deer, Rosebud County, Montana, to High School District No. 1, Hardin, Montana" held that because the Legislature had not provided County Superintendents with specific criteria to be weighed when deciding to grant or deny a territory transfer petition, the state's statutes constituted an unconstitutional delegation of legislative power; and

WHEREAS, Senate Bill No. 111 was introduced in the 57th Montana Legislature to restore constitutionality to the territory transfer statutes by providing an objective process for effectuating a transfer of territory; and

WHEREAS, Senate Bill No. 111 was eventually tabled in the House Judiciary Committee; and

WHEREAS, as a result of the Supreme Court decision and the failure of Senate Bill No. 111, school boundary transfers cannot take place until a new law that addresses the constitutional issues is adopted and approved by the Montana Legislature.

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to conduct a study of the laws governing the transfer of school district territory from one district to another in order to develop a procedure that addresses the constitutional issues raised by the Montana Supreme Court.

BE IT FURTHER RESOLVED, that the study address the following issues, as well as any other issues considered appropriate:

WHEREAS, the population of Montana is increasing, and this increased population is beginning to inhabit areas that have historically been wildlands; and

WHEREAS, the costs associated with fire suppression and fire control increase dramatically when firefighters must protect homes and other structures; and

WHEREAS, the state currently relies on the Department of Natural Resources and Conservation's normal general appropriations act funding and general fund money through a supplemental appropriation to pay for the costs associated with fire suppression; and

WHEREAS, it appears the state will continue to incur large expenses as a result of fire suppression; and

WHEREAS, the state does not have a funding system established, other than through a supplemental appropriation, to address the costs of fire suppression; and

WHEREAS, the Department of Natural Resources and Conservation has recently received the final report from a private contractor who independently analyzed the Department's fire management program and identified inequities in how the program is currently funded.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the current statutes that establish and define the Department of Natural Resources and Conservation's fire management program and source of funding and recommend alternatives for funding:

(1) the Department's overall fire management program, including both the direct protection program and the county assistance program; and

(2) the costs for fire suppression under both the direct protection program and the county assistance program.

BE IT FURTHER RESOLVED, that if this study or the study requested by House Joint Resolution No. 21 is assigned by the Legislative Council, then both studies should be incorporated together and conducted jointly.

BE IT FURTHER RESOLVED, that, if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

HOUSE JOINT RESOLUTION NO. 44

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING FEDERAL INTERVENTION TO STABILIZE WHOLESALE ELECTRICITY PRICES IN THE WEST.

WHEREAS, wholesale prices of electricity have soared to unprecedented levels, reaching as high as 30 times the prices of a year ago; and

WHEREAS, many of the state's largest businesses purchase power at rates tied to wholesale price indices, and a growing number of these businesses have been compelled to curtail production or cease operations altogether and lay off hundreds of workers because of high energy costs; and

WHEREAS, wholesale price increases will lead to sharp increases in retail electricity prices for business, agricultural, and residential consumers in Montana in the near future, with potentially devastating economic consequences; and

WHEREAS, high wholesale energy prices threaten the solvency of utilities in Montana and throughout the Northwest region; and

WHEREAS, taxpayer-supported public entities such as the Montana university system, other public schools, and local governments face unanticipated cost increases for energy and may have to scale back their operations to meet these costs; and

WHEREAS, the Federal Energy Regulatory Commission exercises jurisdiction over wholesale power generation sold in interstate commerce; and

WHEREAS, actions taken to date by the federal Department of Energy and the Federal Energy Regulatory Commission to address problems in the wholesale market have not resulted in any meaningful reduction in wholesale power prices; and

WHEREAS, in December 2000 and in January, 2001 the United States Secretary of Energy issued orders requiring certain energy entities to generate, deliver, interchange, and transmit electrical energy when requested by the California independent system operator, and these orders have been extended on repeated additional occasions; and

WHEREAS, several of the companies that received the energy from these entities are in an unstable financial condition, and there are serious questions about their ability to meet their obligations to pay for this electricity; and

WHEREAS, without strong and immediate action by the federal government to lower wholesale power prices, Montana and other western states could suffer long-term and irreversible economic harm.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the President of the United States, the U.S. Department of Energy, and the Federal Energy Regulatory Commission take strong, short-term measures to reduce wholesale prices throughout the Western region.

BE IT FURTHER RESOLVED, that the new administration act immediately to develop and implement a long-term strategy to reform the wholesale energy market to avoid continued price spikes that threaten to undermine the prosperity of the western United States.

BE IT FURTHER RESOLVED, that the new administration commit to providing assistance to low-income citizens who are most at risk from volatile energy prices.

BE IT FURTHER RESOLVED, that the federal government commit to allowing the western states to work toward fulfilling the region's energy supply needs through existing relationships and to refraining from any additional orders directing suppliers to provide electricity to California.

BE IT FURTHER RESOLVED, that copies of this resolution be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Spencer Abraham, Secretary of Energy, the members of the Federal Energy Regulatory Commission, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the state of Montana.

(7) inform the Speaker of committee activity.

H30-30. Quorum — officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, majority leader, and minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee directed to and with the approval of the Speaker.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the transcribed minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the recording log, sufficient to serve as an index to the original recording; and

(g) testimony and exhibits submitted in writing.

H30-50. Procedures. (1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent.

(3) The committee shall act on each bill in its possession:

(a) by reporting the bill out of the committee:

(i) with the recommendation that it be referred to another committee;

(ii) favorably as to passage; or

(iii) unfavorably; or

(b) by tabling the measure in committee.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) Any legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy, using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall complete a "Witness Form" and submit it to the committee secretary.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated.

CHAPTER 4

Legislation

H40-10. Introduction deadlines. (1) Except as provided in subsection (2), if a representative accepts drafted legislation from the Legislative Services Division after the deadline for introduction, the representative may not introduce that legislation after 48 hours from the time the bill was accepted from the Legislative Services Division.

(2) No bill or resolution may be introduced any later than 5 p.m. 5 legislative days prior to the appropriate transmittal deadline.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the legislation.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

H40-40. Introduction — receipt. (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. In each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee all properly introduced House legislation and transmitted Senate legislation.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee.

H40-80. Rereferral. (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading. (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed. If a motion to recommend that a bill "do not pass" or "be not concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do pass" or "be concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise.

H40-150. Amendments in the Committee of the Whole. (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

H40-160. Motions in the Committee of the Whole. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) reconsider;

(e) pass consideration;

(f) call for cloture;

(g) rise, rise and report, or rise and report progress and beg leave to sit again; and

(h) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(d) through (1)(g) are nondebatable but may be amended. Once a motion under subsection (1)(b) or (1)(c) is made, a contrary motion is not in order.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may conduct no business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) A representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) After at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority floor leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

(8) A motion for cloture is not in order during debate on the general appropriations bill.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation that has passed second reading has been correctly engrossed, it may be placed on third reading on the following legislative day. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day.

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The Speaker may rerefer House legislation with Senate amendments to a committee for a hearing if the Senate amendments constitute a significant change in the House legislation. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation.

H40-250. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 5

Floor Actions

H50-10. Attendance. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by the representative's party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may conduct no business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-40. Call of the House with a quorum. (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-50. Leave with cause. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

H50-60. Motions. (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

H50-70. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

H50-80. Nondebatable motions. (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for parliamentary inquiry;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(g) to amend a nondebatable motion;

(h) to divide a question;

(i) to postpone consideration to a day certain;

(j) to suspend the rules;

(k) all incidental motions, such as motions relating to voting or of a general procedural nature; and

(l) to appeal a call to order.

H50-90. Questions. A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-50.

H50-100. Amending motions — limitations. (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

H50-110. Substitute motions. (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for a question of privilege;

(e) to table;

(f) to call for the previous question or cloture;

(g) to postpone consideration to a day certain;

(h) to refer to a committee; and

(i) to propose amendments.

(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.

(3) No more than one substitute motion is in order at any one time.

H50-120. Withdrawing motions. A representative who proposes a motion may withdraw it before it is voted on or amended.

H50-130. Dividing a question. Except as provided in H40-180, a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed.

H50-140. Previous question. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

H50-150. Questions requiring other than a majority vote. The following questions require the vote specified for each condition:

100 House Members

(1) a motion to override the Governor's veto (two-thirds);

(2) a motion to approve a bill to appropriate the principal of the coal severance tax trust fund (three-fourths);

(1) a motion to approve a bill proposing to amend the Montana Constitution (two-thirds of the entire Legislature).

H50-160. Reconsideration. (1) Any representative may, within 1 legislative day of a vote, move to reconsider the House vote on any matter still within the control of the House.

(2) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.

(3) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.

(4) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.

(5) A motion for reconsideration is not in order on a vote to postpone to a day certain or to table legislation.

(6) There may be only one reconsideration vote on a specific issue on a legislative day.

H50-170. Renewing procedural motions. The House may renew a procedural motion if further House business has intervened.

H50-180. Tabling. (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.

HOUSE RESOLUTION NO. 2

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING ANY NEW DESIGNATION FOR THE MISSOURI RIVER OR THE MISSOURI RIVER BREAKS.

WHEREAS, a majority of Montanans oppose a new designation for the Missouri River or the Missouri River Breaks; and

WHEREAS, the Missouri River and the Missouri River Breaks are protected by the federal Wild and Scenic Rivers Act, Montana subdivision law, and county development regulations; and

WHEREAS, expanding the designation will incorporate more private and state land holdings under federal management plans; and

WHEREAS, Article IV, section 3, of the Constitution of the United States gives authority over public lands to Congress; and

WHEREAS, the vast number of acres being considered for designation as a monument does not meet guidelines of the intent of the federal enabling legislation for monument designations, the Antiquities Act of 1906, which states that the President of the United States is authorized to declare national monuments and "may reserve as a part thereof parcels of land, the limits of which in all cases shall be confined to the smallest area compatible with the proper care and management of the objects to be protected"; and

WHEREAS, House Resolution No. 1487 requires the President of the United States of America to seek public input and to consult with elected officials of the affected state at least 60 days before taking any action; and

WHEREAS, Secretary of the Interior Bruce Babbitt has violated the pledge that he made during his preliminary trip to Montana in the summer of 2000 to return for further analysis and input prior to any recommendations for a change in designation for this area; and

WHEREAS, the Clinton administration has made an "11th hour" rush to create a legacy in land policy without due diligence in properly analyzing the negative impacts on local and state governmental divisions as well as on state and local inhabitants.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana respectfully request that the Secretary of the Interior, Mr. Bruce Babbitt, withdraw any new proposed designation for the Missouri River or the Missouri River Breaks and support the proven management practices that have maintained the pristine conditions of the Missouri River and the Missouri River Breaks.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Secretary of the Interior, the Montana Congressional Delegation, President William Clinton, and President Elect George W. Bush.

2000 BALLOT ISSUES

CONSTITUTIONAL AMENDMENT NO. 34

The Legislature submitted this proposal for a vote. It would amend the Montana Constitution to allow monies in the state workers' compensation insurance fund to be invested in private corporate capital stock. Up to 25% of the state fund's assets could be invested in the stock market. Currently, the constitution prohibits such investment of public funds except for monies contributed to retirement funds. Like pension funds, workers' compensation investments would be managed by the State Board of Investments in accordance with recognized standards of financial management.

This measure authorizes the Board of Investments to invest no more than 25% of the workers' compensation fund in the stock market. Average return on investments is expected to be higher over the long term if the measure is passed.

Constitutional Amendment No. 34 was approved by the following vote at the General Election held November 7, 2000:

For:	197,399
Against:	180,850

The text of the Amendment follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Article VIII, section 13, of The Constitution of the State of Montana is amended to read:

"**Section 13. Investment of public funds and public retirement system *and state compensation insurance fund* assets.** (1) The legislature shall provide for a unified investment program for public funds and public retirement system *and state compensation insurance fund* assets and provide rules therefor, including supervision of investment of surplus funds of all counties, cities, towns, and other local governmental entities. Each fund forming a part of the unified investment program shall be separately identified. Except as provided in ~~subsection~~ *subsections* (3) *and (4)*, no public funds shall be invested in private corporate capital stock. The investment program shall be audited at least annually and a report thereof submitted to the governor and legislature.

(2) The public school fund and the permanent funds of the Montana university system and all other state institutions of learning shall be safely and conservatively invested in:

(a) Public securities of the state, its subdivisions, local government units, and districts within the state, or

(b) Bonds of the United States or other securities fully guaranteed as to principal and interest by the United States, or

(c) Such other safe investments bearing a fixed rate of interest as may be provided by law.

(3) Investment of public retirement system assets shall be managed in a fiduciary capacity in the same manner that a prudent expert acting in a fiduciary capacity and familiar with the circumstances would use in the conduct of an enterprise of a similar character with similar aims. Public retirement system assets may be invested in private corporate capital stock.

(4) Investment of state compensation insurance fund assets shall be managed in a fiduciary capacity in the same manner that a prudent expert acting in a

fiduciary capacity and familiar with the circumstances would use in the conduct of a private insurance organization. State compensation insurance fund assets may be invested in private corporate capital stock. However, the stock investments shall not exceed 25 percent of the book value of the state compensation insurance fund's total invested assets."

Section 2. Effective date. If approved by the electorate, the amendments in section 1 are effective January 1, 2001.

Section 3. Submission to electorate. This amendment shall be submitted to the qualified electors of Montana at the general election to be held in November 2000 by printing on the ballot the full title of this act and the following:

☐ FOR allowing a maximum of 25% of state compensation insurance fund assets to be invested in private corporate capital stock.

☐ AGAINST allowing a maximum of 25% of state compensation insurance fund assets to be invested in private corporate capital stock.

CONSTITUTIONAL AMENDMENT NO. 35

This proposal, submitted by the Legislature, would amend the Montana Constitution to dedicate not less than 40% of Montana's share of the settlement with major tobacco companies to a permanent trust fund. Ninety percent of the trust fund's interest would be used for health care benefits, services or coverage and tobacco disease prevention. The remaining 10% would be deposited in the trust. The trust's principal could only be spent for these same programs if approved by a 2/3 vote of each house of the legislature. The trust's interest and principal cannot be used to replace current funding for these programs.

Montana's share of the nationwide settlement with the tobacco companies is expected to average $30 million annually for the next 25 years. Current law places settlement payments in the general fund. This initiative would reduce tobacco settlement funds going to the general fund by as much as $12 million annually.

Constitutional Amendment No. 35 was approved by the following vote at the General Election held November 7, 2000:

For:	287,432
Against:	103,979

The text of the Amendment follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Article XII of The Constitution of the State of Montana is amended by adding a new section 4 that reads:

Section 4. Montana tobacco settlement trust fund. (1) The legislature shall dedicate not less than two-fifths of any tobacco settlement proceeds received on or after January 1, 2001, to a trust fund, nine-tenths of the interest and income of which may be appropriated. One-tenth of the interest and income derived from the trust fund on or after January 1, 2001, shall be deposited in the trust fund. The principal of the trust fund and one-tenth of the interest and income deposited in the trust fund shall remain forever inviolate unless appropriated by a vote of two-thirds of the members of each house of the legislature.

(2) Appropriations of the interest, income, or principal from the trust fund shall be used only for tobacco disease prevention programs and state programs providing benefits, services, or coverage that are related to the health care needs of the people of Montana and may not be used for other purposes.

(3) Appropriations of the interest, income, or principal from the trust fund shall not be used to replace state or federal money used to fund tobacco disease prevention programs and state programs that existed on December 31, 1999, providing benefits, services, or coverage of the health care needs of the people of Montana.

Section 2. Effective date. This act is effective upon approval by the electorate.

Section 3. Submission to electorate. This amendment shall be submitted to the qualified electors of Montana at the general election to be held in November 2000 by printing on the ballot the full title of this act and the following:

☐ FOR dedicating not less than 40% of the tobacco settlement to a trust fund for health care benefits, services, or coverage and tobacco disease prevention.

☐ AGAINST dedicating not less than 40% of the tobacco settlement to a trust fund for health care benefits, services, or coverage and tobacco disease prevention.

INITIATIVE NO. 143

This initiative would amend state law to prohibit all new alternative livestock ranches, also known as game farms. Existing game farms would be allowed to continue operating, but would be prohibited from transferring their licenses to any other party. They would also be prohibited from allowing shooting of game farm animals for any type of fee. The proposal also repeals provisions of the law concerning applications for expansion of game farms. If approved by the voters, the measure would take effect immediately.

This measure would eliminate $104,000 in annual costs of review of game farm applications and expansions, as well as $3,850 yearly revenues from application fees. Abolishing fee shooting may force closure of some game farms, which could result in less revenue to the state and in lower overall regulation costs.

For:	204,282

LEGISLATIVE REFERENDUM NO. 115

The Legislature submitted this proposal for a vote. It would repeal the sales tax on new motor vehicles and replace the current light vehicle tax system with a registration fee based on the vehicle's age. In addition to other statutory fees, such as junk vehicle fees, etc., annual fees would be:

	Light vehicle age
$195	4 years old or less
$65	5 to 10 years old
$6	11 years old or older

Upon payment of specified fees, light vehicles could be registered for a 24-month period and some vehicles 11 years old or older could be permanently registered.

It is estimated that replacement of the vehicle tax with a flat fee will generate approximately the same amount of total revenue. However, elimination of the new car sales tax will result in approximately $5.5 million less revenue to the state.

Legislative Referendum No. 115 was approved by the following vote at the General Election held November 7, 2000:

For:	228,737
Against:	168,396

The text of the Referendum follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Light vehicle registration fee — exemptions — 24-month registration. (1) Except as provided in subsection (2), there is a registration fee imposed on light vehicles. The registration fee is in addition to other annual registration fees.

(2) (a) Light vehicles that meet the description of property exempt from taxation under 15-6-201(1)(a), (1)(c) through (1)(e), (1)(g), (1)(m), (1)(o), (1)(q), or (1)(w), 15-6-203, or 15-6-215, except as provided in 61-3-520, are exempt from the fee imposed in subsection (1).

(b) A motor vehicle owned by a disabled veteran qualifying for special license plates under 61-3-332(10) or a motor vehicle registered under 61-3-456 is exempt from the fee imposed by this section.

(c) A dealer for light vehicles is not required to pay the registration fee for light vehicles that constitute inventory of the dealership and that are reported under 61-3-501.

(3) The owner of a motor vehicle subject to the provisions of 61-3-313 through 61-3-316 may register the light vehicle for a period not to exceed 24 months. The application for registration or reregistration must be accompanied by the registration fee and all other fees required in this chapter for each 12-month period of the 24-month period. However, the registration fees required under 61-3-321 (1)(a) or (1)(b) paid at the time of registration or reregistration apply for the entire 24-month registration period.

Section 2. Schedule of fees for light vehicles — limitation on fee — payment of fee required for operation. (1) The following schedule, based on vehicle age, is used to determine the annual registration fee imposed by [section 1]:

Vehicle Age (in years)	Annual Fee
4 or less	$195
5-10	65
11 or more	6

(2) A light vehicle subject to the registration fee imposed by [section 1] may not be operated unless the fee has been paid and the vehicle is licensed. A lien for fees due on the vehicle occurs on the anniversary date of the registration and continues until the fees have been paid.

(3) For the purposes of this section, "vehicle age" means the age of the vehicle determined by subtracting the manufacturer's model year of the vehicle from the calendar year for which the registration fee is due.

Section 3. Permanent registration — transfer of vehicle ownership — rules. (1) (a) The owner of a light vehicle 11 years old or older subject to the registration fee, as provided in [section 2], may permanently register the vehicle upon payment of a $50 registration fee, the applicable registration and license fees under 61-3-321, and an amount equal to five times the applicable fees imposed for each of the following:

(i) junk vehicle disposal fees under 61-3-508;

(6) For the purposes of this section in which distribution of funds is made on a basis related to population, the population must be determined annually for counties and biennially for cities according to the latest official decennial census or the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(7) For the purposes of this section in which determination of mileage is necessary for distribution of funds, it is the responsibility of the cities, towns, counties, and consolidated city-county governments to furnish to the department of transportation a yearly certified statement indicating the total mileage within their respective areas applicable to this chapter. All mileage submitted is subject to review and approval by the department of transportation.

(8) Except by a town or third-class city as provided in subsection (4), the funds authorized by this section may not be used for the purchase of capital equipment.

(k) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

"61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that ~~bear~~ *bears* the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that ~~bear~~ *bears* the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that ~~bear~~ *bears* the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that ~~bear~~ *bears* the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that ~~bear~~ *bears* the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) *(a)* All number plates for motor vehicles must be issued for a minimum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in [section 3] or 61-3-527, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of ~~tax-exempt~~ *exempt* motor vehicles *and motor vehicles that are exempt from the registration fee as provided in [section 1(2)(a)]*, in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

The commanding officer of each armed forces reserve unit shall issue to each eligible member of the reserve unit a certificate authorizing the issuance of special license plates, numbered in sets of two with a different number on each set. The member shall surrender the plates to the department upon becoming ineligible to use them.

(c) (i) A resident of Montana who is a veteran of the armed forces of the United States and who is 100% disabled because of an injury that has been determined by the department of veterans affairs to be service-connected may, upon presentation to the department of proof of the 100% disability, be issued:

(A) a special license plate under this section with a design or decal displaying the letters "DV"; or

(B) one set of any other military-related plates that the disabled veteran is eligible to receive under this section.

(ii) The fee for original or renewal registration by a 100% disabled veteran for a passenger vehicle or a truck with a GVW-rated capacity of 1 ton or less is $5 and is in lieu of all other fees and taxes for that vehicle under this chapter.

(iii) Special license plates issued to a disabled veteran are not transferable to another person.

(iv) A disabled veteran is not entitled to a special disabled veteran's license plate for more than one vehicle.

(v) A vehicle lawfully displaying a disabled veteran's plate and that is conveying a 100% disabled veteran is entitled to the parking privileges allowed a person with a disability's vehicle under this title.

(d) A Montana resident who is a veteran of the armed forces of the United States and was captured and held prisoner by a military force of a foreign nation, documented by the veteran's service record, may upon application and presentation of proof be issued special license plates, numbered in sets of two with a different number on each set, with a design or decal displaying the words "ex-prisoner of war" or an abbreviation that the department considers appropriate.

If special license plates issued under this subsection are lost, stolen, or mutilated, the recipient of the plates is entitled to replacement plates upon request and without charge.

(f) A motor vehicle owner and resident of this state who is a veteran or the surviving spouse of a veteran of the armed services of the United States may be issued license plates inscribed as provided in subsection (10)(f)(i) if the veteran was separated from the armed services under other than dishonorable circumstances or was awarded the purple heart medal:

(i) Upon submission of a department of defense form 214(DD-214) or its successor or documents showing an other-than-dishonorable discharge or a reenlistment, proper identification, and other relevant documents to show an applicant's qualification under this subsection, there must be issued to the applicant, in lieu of the regular license plates prescribed by law, special license plates numbered in sets of two with a different number on each set. (b) A lien for taxes and fees due on the vehicle occurs on the anniversary date of the registration and continues until the fees and taxes have been paid. If the depreciated value is less than $500, the department shall value the vehicle at $500.

(2) (a) Except as provided in subsections (2)(c) and (2)(d), the depreciated value for the taxation of light vehicles is computed by multiplying the manufacturer's suggested retail price by a percentage multiplier based on the type and age of the vehicle determined from the following table:

Age of Vehicle	Type of Vehicle			
(in years)	Automobile	Truck	Van	Sport Utility
-1	100%	100%	100%	100%
0	90	96	93	98
1	80	91	86	94
2	69	86	78	90
3	58	80	69	84

14	09	15	11	19
15	09	13	09	17
16	09	12	09	15

(b) The age for the light vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year for which the tax is due.

(c) If the value of the vehicle determined under subsection (2)(a) is $500 or less, the value of the vehicle is $500 and the value must remain at that amount as long as the vehicle is registered.

(d) The depreciated value of a light vehicle that is 17 years old or older is computed by depreciating the value obtained for the vehicle at 16 years old, as determined under subsection (2)(a), by 10% a year until a minimum value of $500 is attained. The value must remain at that amount as long as the vehicle is registered.

(3) (a) For the purposes of this section, "manufacturer's suggested retail price" means the price suggested by the manufacturer for each given type, style, or model of light vehicle produced and first made available for retail sale by the manufacturer.

(b) The manufacturer's suggested retail price is based on standard equipment of a vehicle and does not contain price additions or deductions for optional accessories.

(c) When a manufacturer's suggested retail price is unavailable for a motor vehicle, the department shall determine an alternative valuation for the vehicle.

(4) The provisions of subsections (1) through (3) do not apply to buses, trucks having a manufacturer's rated capacity of more than 1 ton, truck tractors, motorcycles, motor homes, quadricycles, travel trailers, campers, mobile homes or manufactured homes as those terms are defined in 15-1-101(1)."

LEGISLATIVE REFERENDUM NO. 116

This proposal, submitted by the Legislature for a vote, would repeal Montana's inheritance tax. Currently, the inheritance tax is imposed on the transfer of property when a person dies, except that property passed to a surviving spouse, children, step-children, and other lineal descendants is exempt. Current law also exempts family-held business property transferred to most relatives of the deceased, as well as property passed to charitable or governmental organizations. The inheritance tax affects an estimated 800-900 estates yearly. If passed, this measure would apply to deaths occurring after December 31, 2000. State and federal estate taxes would not be affected.

Inheritance taxes are due within 18 months of the date of death, so some collections will continue after the effective date. Therefore, state revenue will be reduced by $6.3 million in 2002 and by $12.7 million in 2003. Revenue from inheritance tax has been growing at 6.5% per year.

Legislative Referendum No. 116 was approved by the following vote at the General Election held November 7, 2000:

For:	265,951
Against:	126,274

Section 2. Section 82-4-336, MCA, is amended to read:

"**82-4-336. Reclamation plan and specific reclamation requirements.** *(1) Taking into account the site-specific conditions and circumstances, disturbed lands must be reclaimed consistent with the requirements and standards set forth in this section.*

~~(1)~~*(2)* The reclamation plan must provide that reclamation activities, particularly those relating to control of erosion, to the extent feasible, must be conducted simultaneously with the operation and in any case must be initiated promptly after completion or abandonment of the operation on those portions of the complex that will not be subject to further disturbance.

(3) In the absence of an order by the department providing a longer period, the plan must provide that reclamation activities must be completed not more

than 2 years after completion or abandonment of the operation on that portion of the complex.

(a) insulation of all faces from moisture or water contact by covering ~~to a depth of 2 feet or more~~ *the faces* with material or fill not susceptible itself to generation of objectionable effluents *in order to mitigate the generation of objectionable effluents*; *or*

(b) processing of any objectionable effluents in the pit before they are allowed to flow or be pumped out of the pit to reduce toxic or other objectionable ratios to a level considered safe to humans and the environment by the department; *or*

(c) drainage of any objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels considered safe by the department before release from the settling basin; or

(d) absorption or evaporation of objectionable effluents in the open pit itself; and

(e) prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and other devices that may reasonably be required by the department.

~~(6)~~*(8)* Provisions for vegetative cover must be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan. The reestablished vegetative cover must meet county standards for noxious weed control.

(b) ~~In the case of~~ *With regard to* open pits and rock faces, the reclamation plan must provide for reclamation to a condition:

~~(a)~~*(i)* of stability structurally competent to withstand geologic and climatic conditions without significant failure that would be a threat to public safety and the environment;

~~(b)~~*(ii)* that affords *some* utility to humans ~~and~~ *or* the ~~surrounding natural system to the extent feasible~~ *environment*; and

~~(c)~~*(iii)* that ~~blends with the appearance of the surrounding area to the extent feasible~~ *mitigates postreclamation visual contrasts between reclamation lands and adjacent lands.*

~~(8)~~*(10)* The reclamation plan must provide sufficient measures to ensure public safety and to prevent the pollution of air or water and the degradation of adjacent lands.

(3) Beginning January 1, 2001, the department of revenue shall administer and supervise a program for the revaluation of all taxable property within classes three, four, and ten. A comprehensive written reappraisal plan must be promulgated by the department. The reappraisal plan adopted must provide that all class three, four, and ten property in each county is revalued by January 1, 2003, and each succeeding 6 years. The resulting valuation changes must be phased in for each year until the next reappraisal. (b) If the department uses construction cost as one approximation of market value, the department shall fully consider reduction in value caused by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) If the department uses the capitalization of net income method as one approximation of market value and sufficient, relevant information on comparable sales and construction cost exists, the department shall rely upon the two methods that provide a similar market value as the better indicators of market value.

(d) Except as provided in subsection (3), the market value of special mobile equipment and agricultural tools, implements, and machinery is the average wholesale value shown in national appraisal guides and manuals or the value before reconditioning and profit margin. The department shall prepare valuation schedules showing the average wholesale value when a national appraisal guide does not exist.

(3) The department may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the average wholesale value category as shown in Guides 2000, Northwest Region Official Guide, published by the North American equipment dealers association, St. Louis, Missouri. If the guide or the average wholesale value category is unavailable, the department shall use a comparable publication or wholesale value category.

(b) for agricultural implements and machinery not listed in an official guide, the department shall prepare a supplemental manual in which the values reflect the same depreciation as those found in the official guide; and

(c) as otherwise authorized in Titles 15 and 61.

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property is the percentage of market or assessed value established for each class of property.

Procedure for calculating levy.** (1) A governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year, even if that levy is greater than the levy established by law. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the value of newly taxable property.

(7) The department shall calculate the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, 20-25-439, and 53-2-813. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections.

(8) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

(2) The county superintendent shall calculate the number of mills to be levied on the taxable property in the district to finance the general fund levy requirement for any amount that does not exceed the BASE budget amount for the district by dividing the amount determined in subsection (1)(c) by the sum of:

If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344."

Section 11. Section 61-3-509, MCA, is amended to read:

"**61-3-509. Disposition of taxes.** (1) Except as provided in subsection ~~(2)~~ *(3)*, the county treasurer shall, after deducting the district court fee, credit all taxes on motor vehicles and fees in lieu of tax on motorcycles, quadricycles, motor homes, travel trailers, campers, trailers, pole trailers, semitrailers, buses, trucks having a manufacturer's rated capacity of more than 1 ton, and truck tractors collected under 61-3-504, 61-3-521, 61-3-527, 61-3-529, and 61-3-537, to a motor vehicle suspense fund. At some time between March 1 and March 10 of each year and every 60 days after that date, the county treasurer shall distribute the money in the motor vehicle suspense fund. Except for taxes collected under 61-3-504, the county treasurer shall distribute the money in the fund in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed.

(2) ~~For~~ *Except as provided in subsection (3), for* money in the fund collected under 61-3-504, the county treasurer shall disregard the statewide mills levied for the university system and the mills levied for ~~state~~ equalization aid under *20-9-331, 20-9-333, and* 20-9-360 in determining distribution proportions of the money and may not distribute money from 61-3-504 to the state for ~~either levy~~ *those levies. Money collected under 61-3-504 that previously was distributed pursuant to levies imposed by 20-9-331 and 20-9-333 is a local government reimbursement for the purposes of 15-10-420.* ~~If the distribution of money collected under 61-3-504 to a school district general fund results in a lower revenue than the district received in fiscal year 1999 and the district has, for all years after fiscal year 1999, received less revenue than in fiscal year 1999, then the district general fund is entitled to state reimbursement for the amount of the difference between the fiscal year 1999 revenue and the prior school fiscal year~~

~~revenue under 61-3-504. Prior to January 31, the office of public instruction shall distribute to each school district an amount equal to the state reimbursement for the prior school year.~~

~~(2)~~*(3)* The county treasurer shall deduct as a district court fee 10% of the amount of the tax collected on light vehicles under 61-3-504(1). The county treasurer shall credit the fee for district courts to a separate suspense account and shall forward the amount in the account to the state treasurer at the time that the county treasurer distributes money from the motor vehicle suspense fund. The state treasurer shall credit amounts received under this subsection to the state special revenue fund to be used for purposes of state funding of district court expenses as provided in 3-5-901."

Section 12. Section 167, Chapter 584, Laws of 1999, is amended to read:

"**Section 167. Reimbursement to counties, cities, towns, and consolidated city-county governments for losses in revenue.** (1) (a) The department of revenue shall determine the amount of tax and other revenue lost by each local government unit as a result of the enactment of House Bill No. 128, House Bill No. 174, House Bill No. 420, House Bill No. 658, Senate Bill No. 200, and Senate Bill No. 530 for fiscal year 2000 and for fiscal year 2001. The determination must be made by August 15, 1999, for fiscal year 2000, and by March 15, 2000, for fiscal year 2001. The department shall use fiscal year 1998 as its base year for each determination.

(b) As used in this section, "local government unit" means a county, city, or town capable of levying mills, consolidated city-county government, school district, miscellaneous district, or other local district that levies mills. The term does not include the state.

(c) The department shall determine the amount of tax and other revenue due each local government unit for fiscal year 1998 from the following sources:

(i) property taxes levied by each local government unit within each county or consolidated city-county government for fiscal year 1998, but excluding any mills levied by the state pursuant to ~~[section 1 of Senate Bill No. 79]~~ *15-10-107*, 20-9-331, 20-9-333, 20-9-360, 20-25-439, and 53-2-813; and

(ii) oil and gas production taxes levied and distributed as provided for in Title 15, chapter 36.

(2) The department shall calculate for each local government unit for fiscal year 1998 the amount of tax and other revenue that would have been due each local government unit from the sources listed in subsection (1) if House Bill No. 128, House Bill No. 174, House Bill No. 420, House Bill No. 658, Senate Bill No. 200, and Senate Bill No. 530 had been in effect for fiscal year 1998.

(3) In making the calculation provided for in subsection (2), the department shall take into account any benefit to a local government unit that levied mills against electrical generation property in fiscal year 1998 from any increase in the assessed value of electrical generation property stemming from the sale of electrical generation assets subsequent to tax year 1997.

(4) (a) Each county, city, town, and consolidated city-county government that in aggregate lost tax revenue in a particular year, based on the difference between the calculation in subsections (1)(c) and (2), must receive the same percentage of the appropriation for local government reimbursements as the appropriation bears to the total amount of loss for all local government units in this state.

Payments must be made in two similar installments for each fiscal year on or about December 15 and June 15. Each county, city, town, and consolidated city-county government is authorized to distribute the revenue received among its funds and districts according to ~~current~~ *the prior* ~~year~~ *year's* mill levies. Except as provided in ~~subsections~~ *subsection* (4)(b), each tax increment financing district must receive the benefit of the reimbursement based on the loss to the incremental taxable value of the district.

(b) A tax increment financing district that consists of an industrial district created under 7-15-4299 may not receive any reimbursement under subsection (4)(a).

(5) The amount of loss calculated in subsection (2), converted to taxable value by multiplying by the applicable mill levy, ~~shall~~ *must* be added to the taxable value of taxing units to determine their bonding limits.

(6) (a) A charter form of local government that has a charter provision that prohibits an increase in the number of mills that may be levied to compensate for the loss of taxable value, as authorized in ~~[section 1]~~ *15-10-420*, is entitled to further reimbursement in addition to that computed under subsections (1) through (5) of this section.

(b) The amount of reimbursement is equal to the difference between the amount of the reimbursement calculated under subsections (1) through (5) and the amount of property tax imposed in tax year 1998. If the amount appropriated for the reimbursement under this subsection (6) is insufficient to fully fund all the jurisdictions entitled to reimbursement, the payments must be prorated to the jurisdictions. The payments must be made with the payments made under subsections (1) through (5)."

Section 13. Section 169, Chapter 584, Laws of 1999, is amended to read:

"**Section 169. Funding — appropriations.** (1) The committees established in [section 168] may receive gifts, grants, and donations. The money received must be used for fulfilling the duties of the committees, for reimbursing the expenses of committee members, or for providing staff for the committees. The money received must be placed in a special revenue fund account to the credit of the department of administration.

(2) In addition to any funds received pursuant to subsection (1), there is appropriated $55,000 from the general fund to the committees created pursuant to the provisions of [section 168] for the biennium for the operating expenses and personnel expenses of the committees.

(3) There is appropriated to the office of public instruction from the general fund $1,980,000 for BASE aid for the biennium ending June 30, 2001.

~~(4) There is appropriated to the office of public instruction from the general fund $2,229,934 for state reimbursements for motor vehicle fee reductions under 61-3-509.~~

~~(5)~~*(4)* There is transferred from the general fund $691,246 for the fiscal year ending June 30, 2000, and $1,774,042 for the fiscal year ending June 30, 2001, to the state special revenue fund referenced in ~~[section 1 of Senate Bill No. 79]~~ *15-10-107*.

~~(6)~~*(5)* There is appropriated from the general fund $12,900,000 for the fiscal year ending June 30, 2000, and $54,934,392 for the fiscal year ending June 30, 2001, to the department of revenue for the reimbursements calculated in [section 167(1) through (5)].

~~(7)~~*(6)* There is appropriated from the general fund $1.5 million for the biennium ending June 30, 2001, to the department of revenue for the costs of administration.

~~(8)~~*(7)* There is appropriated from the general fund $2.15 million for the biennium ending June 30, 2001, to the department of revenue for the reimbursements calculated in [section 167(6)].

~~(9)~~*(8)* There is appropriated from the general fund $600,000 to the department of revenue for the biennium ending June 30, 2001, for reimbursement to tax increment financing districts created pursuant to 7-15-4299.

~~(10)~~*(9)* The governor shall include the sum of the reimbursements in this section in the present law base budget prepared for the 57th legislative session."

Section 14. Appropriation. There is appropriated $20 million from the general fund to the office of public instruction for K-12 BASE aid for the school fiscal year beginning July 1, 2000.

Section 15. General fund reserve. The amount of $37 million of general fund money is set aside as a reserve to be used by the 57th legislature for purposes of fulfilling the legislature's obligation to provide alternative funding for local governments as contemplated in sections 167 and 168, Chapter 584, Laws of 1999.

Section 16. Coordination instruction. (1) If [this act] is passed and approved and if Chapter 515, Laws of 1999, is approved by the electorate, then [section 1 of this act] is void and 15-10-420 must read as follows:

"15-10-420. Procedure for calculating levy. (1) A governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year, even if that levy is greater than the levy established by law. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the value of newly taxable property.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1) plus any additional levies authorized by the voters to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) transfer of property from tax-exempt to taxable status; and

(g) revaluations caused by expansion, addition, replacement, or remodeling of improvements.

(4) Subsection (1) does not apply to school district general fund levies and the school district levy for tuition obligations established in 20-5-324(5).

(5) For purposes of subsection (1), taxes imposed:

(a) include registration fees imposed on light vehicles under [section 2, Chapter 515, Laws of 1999] and distributed under 61-3-509(2); and

(b) do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(6) In determining the maximum number of mills in subsection (1), the governmental entity shall take into account any change from the prior year in the amount of statutory reimbursements for changes in the property tax laws. *The amount of motor vehicle disposition under 61-3-509(2), as that section read on December 31, 2000, is an increased statutory reimbursement.* It may increase the number of mills to account for a decrease in reimbursements and shall decrease the number of mills to fully account for any increase in reimbursements.

(7) The department shall calculate the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, 20-25-439, and 53-2-813. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections.

(8) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

(2) If [this act] is passed and approved and if Chapter 515, Laws of 1999, is approved by the electorate, then [section 11 of this act] is void and [section 34], Chapter 515, Laws of 1999, amending 61-3-509, must read as follows:

"61-3-509. The state treasurer shall credit the payments to the highway restricted state special revenue account.*

~~(1)~~*(2)* Except as provided in ~~subsection (2)~~ *subsections (1) and (3)*, the county treasurer shall, after deducting the district court fee, credit all taxes on motor vehicles, ~~and~~ *registration* fees ~~in lieu of tax~~ on *light vehicles, and fees in lieu of tax on* motorcycles, quadricycles, motor homes, travel trailers, campers, trailers, pole trailers, semitrailers, buses, trucks having a manufacturer's rated capacity of more than 1 ton, and truck tractors collected under *[sections 1 through 3, Chapter 515, Laws of 1999],* ~~61-3-504,~~ 61-3-521, 61-3-527, 61-3-529, and 61-3-537~~,~~ to a motor vehicle suspense fund. For money in the fund collected under ~~61-3-504~~ *[sections 1 through 3, Chapter 515, Laws of 1999] and 61-3-527*, the county treasurer shall disregard the statewide mills levied for the university system, *county elementary and high school equalization under 20-9-331 and 20-9-333,* ~~and~~ the mills levied for state equalization aid under 20-9-360, *and the mills levied for state assumption of public assistance under 53-2-813* in determining distribution proportions of the money and may not distribute money ~~from 61-3-504~~ *collected under [sections 1 through 3, Chapter 515, Laws of 1999] and 61-3-527* to the state for ~~either levy~~ *those levies*. ~~If the distribution of money collected under 61-3-504 to a school district general fund results in a lower revenue than the district received in fiscal year 1999 and the district has, for all years after fiscal year 1999, received less revenue than in fiscal year 1999, then the district general fund is entitled to state reimbursement for the amount of the difference between the fiscal year 1999 revenue and the prior school fiscal year revenue under 61-3-504. Prior to January 31, the office of public instruction shall distribute to each school district an amount equal to the state reimbursement for the prior school year.~~

~~(2)~~*(3)* The county treasurer shall deduct as a district court fee 10% of the amount of the ~~tax~~ *registration fee* collected on light vehicles under ~~61-3-504(1)~~ *[sections 1 through 3, Chapter 515, Laws of 1999]*. The state treasurer shall credit amounts received under this subsection to the state special revenue fund to be used for purposes of state funding of district court expenses as provided in 3-5-901."

(3) If [this act] is passed and approved and if Chapter 515, Laws of 1999, is approved by the electorate, then 61-3-537 must read as follows:

House Joint Resolutions

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REVISING THE OFFICIAL ESTIMATE, CONTAINED IN HOUSE JOINT RESOLUTION NO. 2, LAWS OF 1999, OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 2000-01 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING THE JUNE 30, 1999, GENERAL FUND BALANCE THAT WAS ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; AND REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVISED REVENUE ESTIMATES FOR FISCAL YEAR 2000 AND FOR FISCAL YEAR 2001.

WHEREAS, House Bill No. 260 (Chapter 563, Laws of 1999) created a coal producer's license tax; and

WHEREAS, revenue from the coal producer's license tax was intended to be used, in part, for investing in research and commercialization projects and economic development programs in Montana; and

WHEREAS, the Montana Supreme Court declared the coal producer's license tax an unconstitutional diversion of the coal severance tax; and

WHEREAS, the research and commercialization projects and economic development programs contained in Chapter 563, Laws of 1999, are unfunded because of the Supreme Court decision; and

WHEREAS, the Governor issued a call for a special session to begin May 8, 2000, for the purpose of appropriating from the general fund amounts necessary to fund research and commercialization projects and certain economic development programs; and

WHEREAS, at the end of the 1999 Legislative Session, the ending general fund balance for the 2000-01 biennium budget was projected to be $51.5 million; and

WHEREAS, fiscal year 1999 general fund revenue collections have exceeded the amount estimated by the Legislature in House Joint Resolution No. 2, Laws of 1999; and

WHEREAS, general fund revenue collections for the 2000-01 biennium are expected to exceed the revenue estimates contained in House Joint Resolution No. 2; and

WHEREAS, the revised ending fund balance for the 2000-01 biennium is estimated to be $137.7 million; and

WHEREAS, the Governor is proposing to use general fund money to provide resources for research and commercialization projects and for certain economic development programs; and

WHEREAS, the amount of estimated revenue affects policy decisions of the Executive Branch and the Legislative Branch; and

WHEREAS, the revenue estimates contained in this resolution and the underlying assumptions provide the basis for a comprehensive analysis of the state's financial condition; and

WHEREAS, given the magnitude of the anticipated 2000-01 biennium surplus and given the Legislature's responsibility to balance the budget under Article VIII, section 9, of the Montana Constitution, it is in the best interest of the state that the official revenue estimates for the 2000-01 biennium be revised.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 2000 and 2001 be estimated to be $1,156,942,000 and $1,140,613,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accept for budget purposes the unreserved fund balance of $109,674,000 for the general fund, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1999.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use, as contemplated in 5-18-107(2), the revenue estimates contained in this resolution as the official revenue estimates for fiscal year 2000 and for fiscal year 2001.

GENERAL FUND REVENUE

The revised estimates for total general fund revenue for the 2000-01 biennium are based on an assumption of a continuation of Montana law as it existed on May 1, 2000. The general fund revenue estimates contained in the following table are also based on assumptions adopted by the Legislature in House Joint Resolution No. 2 during the 1999 Legislative Session, statutory changes affecting general fund revenue that were enacted during the 1999 Legislative Session, and revisions to certain assumptions, including those related to wage and salary income and capital gains income and to oil prices.

HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING ANY NEW DESIGNATION FOR THE MISSOURI RIVER.

WHEREAS, a majority of Montanans oppose a new designation for the Missouri River: and

WHEREAS, the Missouri River is protected by the federal Wild and Scenic Rivers Act, Montana subdivision law, and county development regulations; and

WHEREAS, Article IV, section 3, of the Constitution of the United States gives authority over public lands to Congress; and

WHEREAS, House Resolution No. 1487 requires the President of the United States of America to seek public input and to consult with elected officials of the affected state at least 60 days before taking any action.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana respectfully request the Secretary of the Interior, Mr. Bruce Babbitt, to set aside any new proposed designation and support the proven management practices that have maintained the pristine conditions of the Missouri River since first traversed by the Corp of Discovery in 1804.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Secretary of the Interior and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO REVISE SIGNIFICANTLY FEDERAL ESTATE TAX LAW TO REDUCE THE ONEROUS TAX BURDEN RELATED TO THE TRANSFER OF PROPERTY.

WHEREAS, Montana values and way of life are threatened by the federal estate tax that makes the passing down of family businesses difficult if not impossible; and

WHEREAS, Montana farmers and ranchers have been good citizens and stewards of the land and have provided hunting, fishing, and other recreational opportunities for Montana citizens; and

WHEREAS, open space is one of the values most cherished by Montana citizens; and
